Activity scope

This document relates to student participation in Football (Soccer) as a curriculum activity including the teaching of football skills, team training and competition matches conducted by schools.

Risk level

The actual risk level will vary according to the specific circumstances of the activity and these **must** be considered when assessing the inherent risk level and planning the activity. As a starting point, ask the following questions:

- Which students will be involved?
- Where will the students be?
- What will the students be doing?
- Who will be leading the activity?
- What will the students be using?

Inherent risk level		Action required / approval
<input checked="" type="checkbox"/>	Medium	Some chance of an incident and injury requiring first aid.
		<input checked="" type="checkbox"/> Record controls in planning documents and/or complete this <i>Curriculum Activity Risk Assessment</i> . <input checked="" type="checkbox"/> Consider obtaining parental permission.

Teachers/leaders: Aaron Brown (Shalom College) and Lachlan Peebles and Sam McMah

Start date: 2/3/17

Finish date: 21/3/17

No of students (approx.): 16

Class groups: Open Boys Football

Supervision ratio (approx.): 1:16

Queensland Government

Listed below are the minimum recommendations for this type of activity. For any items ticked 'No', provide further information regarding the additional or alternate controls to be implemented for the safe conduct of the activity.

Minimum supervision

Adequate adult supervision is to be provided. In determining what is adequate, consider the number of students, their individual needs, and the nature of the activity.

If an adult other than a registered teacher is engaged for instruction, a teacher should be present to take overall responsibility. Blue Card requirements **must** be adhered to.

Registered teacher with minimum qualifications as outlined below

OR

An adult with minimum qualifications as outlined below, in the presence of a registered teacher

Further information:

Minimum qualifications

The qualifications listed in this section are minimums for each type of situation. Leaders are encouraged to seek training to raise their qualification level above the minimum listed.

Current first aid qualifications including Cardio Pulmonary Resuscitation (CPR) or ready access to first aid facilities, including qualified personnel.

Blue Card requirements met

Medium — Some chance of an incident and injury requiring first aid

For a registered teacher:

A Junior Licence from Football Federation Australia

OR

Competence (demonstrated ability/experience to undertake the activity) in the teaching of football (soccer)

A teacher could demonstrate their competency to conduct an activity to the person approving the Curriculum Activity Risk Assessment through their:

knowledge of the activity and the associated hazards and risks

experience (i.e. previous involvement) in undertaking the activity

demonstrated ability and/or expertise to undertake the activity

possession of qualifications related to the activity.

For a leader other than a registered teacher:

A Junior Licence from Football Federation Australia

Further information:

Lachlan Peebles and Sam McMaha will be attending as First Aid trained members of staff

Hazards and suggested control measures

All persons engaging in this activity should:

- identify the hazards, including any additional hazards not mentioned here
- assess their significance
- manage the potential risks.

Listed below are indicative hazards/risks and suggested control measures. They are by no means exhaustive lists. After checking these, add details of any other identified hazards/risks and additional controls you intend to implement.

Hazards/risks	Control measures	Yes	No	Implementation plan / Additional controls
Biological material <ul style="list-style-type: none"> • Body fluids (e.g. blood, saliva, sweat) 	<ul style="list-style-type: none"> • Have sufficient and suitable containment material (bandages etc.) readily available. • Ensure that students do not share personal equipment such as mouthguards, towels and drink bottles. 	<input checked="" type="checkbox"/> <input checked="" type="checkbox"/>	<input type="checkbox"/> <input type="checkbox"/>	

Hazards/risks	Control measures	Yes	No	Implementation plan / Additional controls
	<ul style="list-style-type: none"> Comply with <u>Infection Control Guideline</u>. Students with open cuts and abrasions are to be removed from the activity and treated immediately. If bleeding cannot be controlled completely, the participant should not be allowed to return to the activity. All clothing, equipment and surfaces contaminated by blood should be treated as potentially infectious. Contaminated clothing must be removed (and replaced) by the player before the player rejoins the game. 	<input checked="" type="checkbox"/>	<input type="checkbox"/>	
Environmental conditions <ul style="list-style-type: none"> Weather Surfaces Sprinkler heads Surrounds 	<ul style="list-style-type: none"> Assess suitability of playing field (level, debris, potholes/divots in ground, line markers, sprinkler heads, etc.) Site activities away from buildings, pedestrians and traffic.
