

# Curriculum activity risk assessment

## Running Events

clever • skilled • creative

### Activity scope

This document relates to student participation in track running events as a curriculum activity.

The requirements of this risk assessment apply to running events, including sprints, relays, middle/long distance, walks, hurdles and cross-country events.

### Risk level

The actual risk level will vary according to the specific circumstances of the activity and these **must** be considered when assessing the inherent risk level and planning the activity. As a starting point, ask the following questions:

- Which students will be involved?
- Where will the students be?
- What will the students be doing?
- Who will be leading the activity?
- What will the students be using?

Inherent risk level		Action required / approval
<input checked="" type="checkbox"/>	<b>Medium</b>	Some chance of an incident and injury requiring first aid <input checked="" type="checkbox"/> Record controls in planning documents and/or complete this <i>Curriculum Activity Risk Assessment</i> . <input checked="" type="checkbox"/> Consider obtaining parental permission.

Teachers/leaders: Minimum of 52 teachers/leaders from 8 schools in the District		
Activity description: BDSSS Track and Field Carnival		
Start date: 21/07/2017	Finish date: 25/07/2017	No of students (approx.): 400 per day
Class groups: Grades 7 - 12 from 9 Schools in the District		Supervision ratio (approx.): 1:8

Listed below are the minimum recommendations for this type of activity. For any items ticked 'No', provide further information regarding the additional or alternate controls to be implemented for the safe conduct of the activity.

### Minimum supervision

Adequate adult supervision is to be provided. In determining what is adequate, consider the number of students, their individual needs, and the nature of the activity. If an adult other than a registered teacher is engaged for instruction, a teacher should be present to take overall responsibility. Blue Card requirements **must** be adhered to.

- Registered teacher with minimum qualifications as outlined below  
**OR**  
 An adult with minimum qualifications as outlined below, in the presence of a registered teacher

Further information:

Local Athletics Clubs provide Officials who work with a registered teacher.

### Minimum qualifications

*The qualifications listed in this section are minimums for each type of situation. Leaders are encouraged to seek training to raise their qualification level above the minimum listed.*

- Current first aid qualifications including Cardio Pulmonary Resuscitation (CPR) or ready access to first aid facilities, including qualified personnel.  
 Blue Card requirements met

**Medium** — Some chance of an incident and injury requiring first aid

**For a registered teacher:**

- Level One Accreditation from the Australian Track and Field Coaches Association  
**OR**  
 Competence (demonstrated ability/experience to undertake the activity) in the teaching of running events  
A teacher could demonstrate their competency through their:

- knowledge of the activity and the associated hazards and risks  
 experience (i.e. previous involvement) in undertaking the activity  
 demonstrated ability and/or expertise to undertake the activity  
 possession of qualifications related to the activity.

**For a leader other than a registered teacher:**

- Another adult with Level One Accreditation from the Australian Track and Field Coaches Association

Further information:

Some Registered teachers may have a Level One or higher from the ATFCA

## Hazards and suggested control measures

All persons engaging in this activity should:

- identify the hazards, including any additional hazards not mentioned here
- assess their significance
- manage the potential risks.

Listed below are indicative hazards/risks and suggested control measures. They are by no means exhaustive lists. After checking these, add details of any other identified hazards/risks and additional controls you intend to implement.
